The TAB Q-7 Plan...

In Kentucky HAZMAT plans required by EPCRA were commonly known as the TAB Q-7; they were originally found in appendix Q of the County EOP. Annex Q-7 was for facility emergency response and SARA Title III plans. Hence, the name TAB Q-7.

Moving forward Kentucky will now referred to these plans as an EHS Facility Emergency Response Plan

EMERGENCY RESPONSE PLANNING GUIDE FOR EHS FACILITIES: COURSE MANUAL

This Course is designed to provide students with an understanding of the federal (EPCRA) and state (KRS and KAR) requirements for Hazardous Materials (HAZMAT) emergency response plans (formerly known in Kentucky as TAB Q-7s). This guidance supersedes all previous instructions for development of EHS Facility Plans. All NEW or REVISED EHS Facility Emergency Response Plans must meet these criteria.

TAB Q-7 SharePoint Posting

LEPCs must post all KERC approved EHS Facility Plan documents to the county SharePoint folder within thirty (30) days of final approval.

"Serving Our Commonwealth"

Why post plans to SharePoint?

KRS 39E.100

- (1) LEPCs are created as part of the KERC
- (2) LEPC members shall be considered as agents of the state including liability protection.

The approved plan is proof meeting legal requirements:

LEPC: created a plan that was approved by the KERC

KERC: ensured the LEPC created a plan that met the Kentucky's plan requirements

Gives access to State EOC and Duty Officers in the event of an incident

Shannon Hoskins, Chair
Trimble County Local Emergency Planning Committee
PO Box 251
Bedford, Kentucky 42301

Dear Ms. Hoskins,

On July 29, 2015, the Kentucky Emergency Response Commission reviewed the SARA Title III Plan submitted by the Local Emergency Planning Committee and approved it for publication and distribution as an integral part of the County Emergency Operations Plan, as listed in IAW KRS 39E.

The approved tabs are:

Tab Q-7-007 Milton Sewer Plant
Tab Q-7-009 Henry County Water Plant

Approval by the Commission is based upon an evaluation of the county's plan and tabs as submitted. It should be understood that the Commission's approval does not constitute verification that a plan contains tabs for all facilities subject to the provisions of Title III and that the plan is, therefore, complete. The Local Emergency Planning Committee is responsible for ensuring that all covered facilities comply with the planning requirements of Title III through periodic reviews and an annual update of the plan. In addition, the LEPC has continuing planning and notification requirements that must be complied with. In the event a plan omission or deficiency is identified, the LEPC shall be responsible for amending the plan to correct such omission or deficiency within the time prescribed by the Commission.

Sincerely,

Michael E. Dossett, Chairman
Kentucky Emergency Response Commission
